Marketing Goals

Develop a more robust and integrated marketing plan that will grow the field of qualified prospective students applying to HCS and assist in fundraising networking.
Marketing Strategies

• Join local Humble Area and Kingwood Chambers of Commerce and begin networking at these events
• Invest in a complete update of website and assign ongoing management
• Develop active alumni follow-up program
• Ensure school is listed on local housing development web sites and materials.
Academic Goals

• We will hold the Bible curriculum and the teaching of that curriculum to the highest standards to ensure graduates of HCS have a comprehensive understanding of the Christian faith, doctrine, Christian worldview and apologetics. The Bible curriculum should be the “crown jewel” of the education offered at the school and a primary draw for new students.

• Raise the quality of education, academic standards, provide an external verification of quality (accreditation) for marketing purposes and provide our students with credits that are readily transferable.

• Develop HCS Curriculum to ensure it includes the best content and methods for all grades to maximize student scholastic achievement and prepare them for a life of discipleship and defense of the faith.

• Ensure the curriculum is properly supporting the Mission of the school and producing students with a profoundly Christian worldview.
Academic Strategies

  – Critical Thinking (logic)
  – Persuasive Speaking and Writing (rhetoric)

• Implement student Christian worldview testing to allow the school to measure progress towards the HCS Measurements of Success

• Begin annual review of both academic and worldview test scores by the Administrator with analysis to be reported to the BOD
Academic Strategies

• Bible Curriculum
  – Add to the 7th through 12th grade curriculum offering key components for a student to have a comprehensive understanding of the Christian faith to be more effective disciples for Christ:
    • Apologetics & Worldview training
    • Systematic Theology/Christian Doctrine (creeds, catechisms)
    • Spiritual Disciplines
    • Church History
    • Scripture study methods and principles of biblical interpretation (Hermeneutics)
    • Old and New Testament Surveys
Staffing Strategies

- Long Term Staffing Plan to support goals and objectives of the Strategic Plan. Administration will add heads as finances allow and appropriate infrastructure is obtained.
- Develop more attractive teacher compensation packages to attract and retain the best Christian teachers
- As teachers are the primary means by which the school interacts with students and trains them in knowledge and Truth, we will strive to ensure that all teachers have a profoundly Christian worldview.
Enrollment Process Goals

Develop an enrollment philosophy and policy that will close new student enrollment to only allow Christian families to partner with the school to train their children.

Develop an enrollment selection process to ensure the school admits children that will have the most success and families that will contribute the most to achieving the Vision and Mission of the school.

Move up open enrollment process to allow for testing and selection to occur in time to back fill with waiting students for students that fall out.

Develop methods to assist new families in becoming quickly assimilated and plugged into the community at the school.
Enrollment and Facility Goals

• Hold enrollment growth relatively flat for the next 2-3 years, until the next building addition is ready, to ensure proper focus on implementing accreditation goals, curriculum goals, staffing goals and other Strategic Plan goals.

• In order to meet current space restraints in the cafeteria, library, offices and classrooms and provide for future growth the school will develop detailed design plans in the coming year and build the next addition at the north end of the property with a targeted completion within the next 3 years.
Facility Plans
Facility Plans

• Next Building Specifications
  – North side of property attached to existing building

  – Adds second cafeteria
  – Adds additional library space
  – Enables addition of 144 additional students to enrollment to expand school enrollment to 524 total potential students.
"I advise no one to place his child where the Scriptures do not reign paramount. Every institution in which men are not increasingly occupied with the Word of God must become corrupt...I am much afraid that schools will prove to be the great gates of hell unless they diligently labor in explaining the Holy Scriptures, engraving them in the hearts of youth."  

Martin Luther

"Let divines and philosophers, statesmen and patriots, unite in their endeavors to renovate the age by impressing the minds of men with the importance of educating their little boys and girls, of inculcating in the minds of youth the fear and love of the Deity and universal philanthropy... in short, of leading them in the study and practice of the exalted virtues of the Christian system."

Samuel Adams, Father of the American Revolution

F. Educational Philosophy

1. God is transcendent, is spirit, and always acts in accordance with His loving and just nature. In addition, in His Word God places eternal emphasis upon life.

2. All humans, including children, are created in the image of God and have unbounded potential to mirror the character of Jesus Christ. Further, man is born with a sin nature that has marred, but not ruined, God’s image in man. Finally, we believe that man’s greatest need is redemption through Jesus Christ and not education.

3. Jesus Christ reflects truth: truth about the nature of God, truth of man’s need to be rightly related to God, and truth about the world He created.

4. The Bible is inerrant and authoritative. Because God both created the universe and appointed the writing of Scripture, no academic truth (man discovered truth) can rightly be in conflict with God’s Word.

5. Although man may not perceive truth in particular circumstances, truth is unchangeable and not relativistic.

6. Biblical education focuses on what a person becomes rather than on what he knows. Therefore, knowledge is to be pursued as the basis for the development of wisdom and character. Further, the end of education is not acquisition of status, but to glorify God and fulfill His mandate to subdue and have dominion over God’s creation.

7. Education is the prerogative and responsibility of parents. The Christian school is in partnership with the home to provide support and assistance in shaping a Christ-like view of truth and reality. These beliefs are the foundation of every aspect of the education offered at Humble Christian School.
G. Fundraising Philosophy

1. Fundraising Mission:
   Humble Christian School fund raising is to bridge the difference between what tuition provides and what the school needs to fulfill its Vision, Mission and Objectives.

2. Fundraising Principles
   a. Affordable Tuition Levels
      i. Use fundraising as an essential tool to maintain tuition at levels affordable to as many families as possible without ever compromising our commitment to spiritual and academic excellence.
   b. Confidentiality and Anonymity of Giving
      i. Do not acknowledge distinctions between people based on the size of their gift.
      ii. Do not give special treatment, privileges or authority based on giving.
   c. Family Giving Based on Means
      i. Encourage families to give as generously as the Lord directs them to support our shared vision.
      ii. Recognition that amounts vary as God wills and enables and we value each family’s contribution.
   d. All funds raised on behalf of the school are school property and used only to benefit the mission of the school
      i. Individuals are not entitled to personal benefit from any funds raised through a school fundraising activity
      ii. Participation in fundraising activities can be required but individual $ benefit tracking will not occur
H. Enrollment Philosophy

1. Given that:
   a. Our mission is to partner with parents to train the children as disciples of Christ
   b. Partners in such an important goal need to be equally yoked in striving for and achieving the school objectives for the partnership to function effectively
   c. Part of providing a Christian education is maintaining a profoundly Christian environment in the school
   d. Parents, the home environment, the local church, peer influence and the Christian instruction have a significant impact on the beliefs, behavior and values of all children and need to be unified
   e. Bad company can and does corrupt good character
   f. Children are still in the training stage of their lives and are very impressionable. It is important to surround them with Godly influences
   g. The parents at the school have a significant influence in the day-to-day environment in the school due to the goal of high parent involvement and volunteerism
   h. Parents have significant influence in the ultimate direction and mission of the School through voting rights, BOD meeting participation, relationship influence and causing internal conflict by opposing Christian objectives within the school
   i. Conflicts will occur because we all are human and conflict can cause great damage to the school. Christians are commanded by scripture to not to take their brothers to court and to work out their conflicts in love, respect, humility and fairness with each other. Pagans and even marginal Christians will not follow that command
   j. As a school ages and grows, the original mission and passion of the founders have a greater chance of being divorced by new influences that do not share in the overarching objective of the school. History has demonstrated many schools that have veered from their original strong Christ focused, biblical foundation through the influence of stakeholders within the schools that did not believe in the original mission
   k. The School wishes to ensure that it stays profoundly focused on upholding the Christian faith and training disciples above all things for the rest of its existence
   l. Given that the school has experienced demand for enrollment above what the capacity of school can take, it is important to ensure that the school admits strong Christian families that can help strengthen our efforts to achieve our goals before considering admission of families that do not fully agree or support the school’s Mission.

2. We seek to enroll students from families who have clearly expressed convictions that are similar to the School's regarding the education of children. This is because the selection and make-up of the school's student body is second only to staff selection in the impact it has upon the school's
mission. The family-like atmosphere that HCS seeks to foster and currently enjoys is due in great measure to the similarity of biblical convictions and principles taught and lived out in many of the homes of our students. As the Lord blesses us with growth and change, we want to do all we can to maintain and build up that atmosphere. HCS reserves the right to choose families within the admissions process that will best support the school in reaching our vision and mission.

3. The School has adopted a Christian family enrollment policy that requires that at least one parent in the home be actively living a Christian life that demonstrates the lordship of Christ.
   a. This includes an open testimony of their affection and servitude to Christ, regular participation in a local church that holds beliefs consistent with the historical orthodox Christian faith and demonstrates fruits of the Spirit.
   b. A family recommendation letter from a minister of the church attending is required.
   c. The family is to submit a written letter outlining why they want to be enrolled at the school and why a Christian education is important to them.
   d. Students enrolling for the first time for the 7th grade and above, the Headmaster will interview the child to ensure they truly want to go to the school and are exhibiting a proper attitude to succeed in the school and adhere to school rules.

4. It also requires that both parents agree with and will actively support the Vision, Mission and Guiding principles of the school.
I. Statement of Faith

1. All Scripture is verbally inspired as originally written and therefore infallible and inerrant (2 Timothy 3:16-17; 2 Peter 1:21; Matthew 5:18; 1 Corinthians 2:13). The Bible is the Word of God. We cannot accept the misleading statement: “The Bible contains the Word of God”.

2. There is one living and true God who exists in three Persons – Father, Son and Holy Spirit (Matthew 28:19; 2 Corinthians 13:14). The Father is God (2 Corinthians 8:6), the Son is God (Isaiah 9:6; John 1:1, 14; Hebrews 1:8-10), and the Holy Spirit is God (Acts 5:3-4).

3. The Lord Jesus Christ was born of a virgin (Isaiah 7:14; Matthew 1:18-25; Luke 1:26-38).

4. Christ rose bodily from the dead and ascended unto God the Father (Matthew 28; Mark 16; 1 Corinthians 15; Romans 1:4).

5. Christ will return.
   a. First, for the “dead in Christ who will be resurrected bodily; and for those who are live at His coming”. This resurrection not only precedes His return to earth to reign 1000 years, but also precedes the Tribulation (1 Thessalonians 4:13-18; 5:9).
   b. Then to reign 1000 years on the earth (Revelation 20:1-6; 2 Timothy 2:12).

6. All men inherit a depraved nature and are lost sinners in need of salvation (Romans 3:9-19; Ephesians 2:1-3).

7. (Romans 8:13-14, 1 Corinthians 3:16, 6:19-20, Ephesians 4:30, 5:18)

8. God has provided salvation through offering His Son on the cross of Calvary, and allowing His BLOOD to be shed to atone for our sins (Romans 3:25; Hebrews 9:22).

9. We are saved and justified when we recognize ourselves as sinners, and we put our trust in Christ as the Son of God and His finished work on the cross of Calvary. Salvation is by grace through faith plus nothing (Romans 3:24, 4:5; Ephesians 2:8-9).

10. Once saved we cannot be lost; we are eternally secure in Christ (John 3:16; Philippians 1:6; John 10:27-29; Romans 8:38-39).

11. We believe that the baptism of the Holy Spirit takes place at the time of conversion and is the act of placing the believer into the body of Christ. The baptism of the Holy Spirit is not a second work of grace, nor is it necessarily manifested by unusual signs such as speaking in tongues (1 Corinthians 12:13; Galatians 3:27).

12. We should regularly participate at the Lord's Table (1 Corinthians 11:23-32).

13. All believers should be baptized by immersion as an act of obedience, but not for securing their salvation (Acts 2:41; 19:4-5; Matthew 28:9-20).

14. The Bible teaches the eternal punishment of the lost (John 5:28-29; Revelation 20:10, 15; Matthew 25:46).

15. The grace of God teaches us “to live soberly, righteously, godly” (Titus 2:11-13).
a. Titus 2:13 – Looking for the blessed hope of His returning for us.
b. Colossians 3:2-3; 1 John 2:15-17 – Setting our “affection on things above, not on things on the earth”.
c. 2 Corinthians 6:14-18 – Living a life of separation from the world.
16. We believe in separation “unto God” (Romans 1:1; 2 Corinthians 6:17-18).

IV. Background and History

A. Overview
On the evening of April 24, 2001, 57 people met by invitation at the home of James and Sherry Dobson in Huffman, Texas. With a dream birthed from the very mind of God, they stepped out in faith to answer the call He had placed on their lives. That dream was of a private Christian school without specific church or denominational support, ties, or encumbrances, whose foundation was our Lord and Savior Jesus Christ, whose sole guide was Christ through His Holy Spirit, and whose principals and teaching were based upon God’s Holy Word. It was to be a Christian-based center of learning where children of all faiths, colors, and ethnicities could grow and mature academically and spiritually to become the young men and women God had created them to be, fully prepared to confront the next challenges they would face.

At the heart of this new organization, the dream envisioned a structure whereby the parents would have an opportunity, through an elected representative board of directors, to participate in the decisions, focus, direction, and governance of the institution tasked with the education of their children. With a firm commitment to be wise and faithful stewards of the blessings and resources appropriated by God for this task, they determined to build a fiscally sound and prudently operated business by applying those same Christian principals employed to guide the education of their children, toward the administration and governance of the entire school. Of one mind and spirit, they covenanted with one another to work toward that goal. With faith in God, a steadfast commitment to the goal, and a willingness to sacrificially work, they joined together to begin what was seemingly the impossible task of founding, preparing, and opening a school for the 2001-2002 academic year for grades K-4 through 12.

On April 30, 2001, just one week later, over 200 people met at the First Baptist Church of Huffman. With faith and trust, over 100 students were enrolled that night and most of the teaching responsibilities were fully committed. Many registration fees were paid and some donations were given to enable the process of ordering temporary buildings, curriculum, supplies, etc. to begin. Under the direction and supervision of the school’s three founders, Mr. James Dobson, Mr. Wes Handley, and Mr. Ted Howell, and with the tireless help and support of too many volunteers to detail, the classes and academics were established, the staff was placed, the core business structure was formed, the legal issues were determined and met, and the various construction activities were determined and accomplished. Through God’s generous provision and abundant blessing, the hard work, faithfulness, and sustained commitment of those families who trusted God in those early days to fulfill the vision and meet the many needs, and the incredible generosity of those like Mr. Billy Smith and Mr. Leon Boeker who made the land and shell building available for the school’s home within terms and conditions the young business could easily afford and manage, that first task was
fully accomplished. Humble Christian School became a reality with classes beginning for all grades in September of 2001. Although classes were housed in temporary buildings and surrounded by a multitude of problems and difficulties, the excitement and enthusiasm was infectious. The spirit of cooperation and unity among the staff and parents remained undaunted, and God continued to bless far beyond anyone’s most optimistic dreams or wildest expectations.

By the beginning of the 2002 – 2003 academic year, HCS’s first permanent building was complete and ready for classes to begin. At the end of that first successful year, the parents elected and seated the first fully representative Board of Directors.

Now, only seven years later, our facilities are considerably expanded, our enrollment is approaching 400 students, and our operating budget has surpassed one million dollars per year. That seemingly impossible dream that first began as a morning breakfast “why not” and quickly developed from quiet chatter among close friends to many who were willing to stand together arm in arm and trust God, has become a reality. Through it all, God has proven Himself to be true and faithful. Although the challenges have changed, and our dreams have grown with the successes, opportunities perceived, and the challenges presented, the same God that has so abundantly provided, so richly blessed, and been proven to be faithful and true, is willing to answer our prayers and meet our needs the same today as yesterday. The realization of our dreams is limited only by the depth of our faith, and breadth of our vision.

A. Competitor Analysis

We used a demographic study commission by Humble ISD (HISD), performed by a demographic analysis/forecasting, firm that was completed in November 2007. This study outlined the demographic characteristics of our local area and profiled the population currently living in the area and forecasted the profile in the next 5-10 years.

The recent national economic downturn (Quarter 1 2008), has not been as significant in the local Houston economy. This is due in large part to two things:
1. The housing market in the area never reaching inflated levels experienced in other areas of the country and
2. The positive impact of high energy prices on the energy sector, which is a significant portion of the local economy.

Global Insight, a major economic forecasting firm, projects Houston Metro major economic indicators as follows over the next five years:

Humble Christian School

Harris County saw employment increases in 2007 of only 0.78%. However, this is expected to increase over the next seven years. The HISD study projected working age population to increase 27% in the school district through 2015. This translates into a 4% growth rate per year. Details of what this is projected to do to the school age children in the local area that would be potential students at HCS can be reviewed in the supporting data contained in the BOD records.

The local area is expected to grow at this robust rate due to several factors:
1. Increasing demand for professional, managerial and technical jobs in the Houston economy
2. Travel times to major work location centers continue to shorten due to transportation infrastructure improvements
3. Availability of large tracts of developable land and large developments currently underway

Within HISD, nearly 2,000 students, roughly 5% attend a private school. We feel that four primary factors will work to produce steady demand and opportunity for growth of the school:
1. Continued economic expansion as outlined above
2. Our low cost tuition price leadership in the area
3. Our location in the Southwest part of the HISD school district, which is where the majority of school age children growth is forecasted to occur
4. An evangelical church that is beginning to understand the detrimental affects that public schooling has on their duty to raise their children as disciples of Christ. This is evidenced by:
   a. The recent Southern Baptist Convention debated proposals to recommend all Southern Baptist remove their children from public schools
   b. Tremendous growth of the home school movement
   c. Evangelical leaders (i.e. James Dobson) publicly recommending removal of Christian children from public schools.

C. Emerging Competition
1. Holy Trinity Episcopal has plans to add a high school in the future
2. Christian School of Kingwood just added 7th and 8th grade.

D. Educational Trends and Landscape
1. Classical Education Trend
   Christian education has seen a surge of interest in the “Classical Education” method recently as promoted by Dorothy Sayers
   http://www.gbt.org/text/sayers.html
and more recently Doug Wilson of the Logos school.
http://www.logosschool.com/

It is argued that we have lost the most effective methods of educating children on “how” to learn, “how” to reason and “how” to communicate instead we are just training them in subjects (“grammar”). It is claimed that modern education practices have their basis in educational pragmatism as introduced by John Dewey in the early 1900’s. The increased popularity and spread of this method poses a threat to the school as a “better” alternative and/or may be an opportunity to better equip the students of HCS to promote and defend the Faith. Classical schools usually include strong curriculum in the following areas: logic, rhetoric, Christian worldview, biblical doctrine, church history and apologetics training to ensure students deeply understand their faith and possess the tools to defend it from humanistic attacks.
http://www.welltrainedmind.com/classed.php
http://www.gbt.org/clasced.html

Locally, Northeast Christian is switching to the Classical model and Providence Christian school in Spring, TX was founded on the model in 2000.

2. Christian Worldview Deterioration
   We should not assume that just because we have our children enrolled in a Christian school, they are spiritually safe (even a conservative Christian school). Conclusions of PEERS worldview testing conducted by The Nehemiah Institute over the past 18 years seem to indicate this assertion. The PEERS test, developed by Dan Smithwick of the Nehemiah Institute, measures the Bible's influence on a person's perceptions of the world in five areas: Politics, Education, Economics, Religion and Social Issues.

   The chart below shows the downward trend in Christian worldview scores not only for Christian students attending public schools, but also for Christian students in typical Christian schools.
These findings were reported in an article in the Chalcedon Report of October 2001 entitled, "One School-Generation to Go, and Then The End." This is not a very positive prognosis for Christian education.

The HCS School BOD is considering how HCS students would chart on these type of measures and what can be done to ensure that HCS students graduate with a Christian worldview.

From 1988 to 2000, average scores of Christian school students dropped by 30.3%. Results of evangelical family students in public schools dropped 36.8% in the same period. Christian students attending public schools now regularly score in the lower half of Secular Humanism and students in typical Christian schools score just below the minimum score to be rated in the Moderate Christian worldview. If present trends continue, Smithwick predicts that by 2008 students in Christian schools will have become operational socialists in their cultural perspective. To state the obvious, this does not bode well for the church or the Faith in America.

The good news is that Christian students who have received home school or Classical Christian, or Principle Approach training are scoring at consistently higher levels. These are schools that have adopted specific worldview materials into their curriculum. Note, however, that even these students are not scoring in the upper "Christian Theism" range, but rather in
the top levels of the "Moderate Christian" category. Unfortunately, they comprise less than five percent of total students tested.

   ii. Secondary school accreditation will be sought first by 2010 with plans outlined for achieving primary school accreditation by 2012.

2. Goal: Develop HCS Curriculum to ensure it includes the best content and methods for all grades to maximize student scholastic achievement and prepare them for a life of discipleship and defense of the faith in a hostile culture.
   a. Strategy: Officially document the Goals, Objectives, Scope and outline of each course and develop integrated scope and sequence matrix to enable benchmarking and comparisons. Goals should include end state of the graduate knowledge for each major discipline and then fill in the lower grades curriculum to reach the end state goal. Should have a comprehensive end goal of well-educated graduates with a profoundly Christian worldview that have a deep understanding of the philosophical influences on our culture and our faith, enabling them to stand firmly as champions of Truth.
   b. Strategy: Improve and focus on improving reading skills by integrating the Accelerated Reader’s Program and assigning Summer reading assignments that include reading of books of the bible along side secular classics.

3. **Goal:** Ensure the curriculum is properly supporting the Mission of the school and producing students with a profoundly Christian worldview.
   a. Strategy: Implement PEERS or other worldview testing to allow the school to measure progress towards the HCS Measurements of Success. (Both students and staff should be tested)
   b. Strategy: Add an annual review of both academic and worldview test scores by the Administrator with analysis to be reported to the BOD. Start with this last years’ scores. Include this annual review on the BOD calendar.

4. **Goal:** With God’s word as our foundation, we will hold the Bible curriculum and the teaching of that curriculum to the highest standards to ensure graduates of HCS have a comprehensive understanding of the Christian faith through out history, Christian discipline, Christian doctrine, biblical interpretation and biblical understanding of the culture we live in. The Bible curriculum should be the “crown jewel” of the education offered at the school and a primary draw for new students.
   a. Strategy: Hire a Director of Bible Curriculum and Spiritual Development to create engaging and applicable chapel, bible curriculum, bible teaching, apologetics curriculum, worldview curriculum and testing, class spiritual retreat coordination. This teacher/staff will ensure the school its achieving the spiritual goals and measures of success.

      iv. Church History
      v. Scripture study methods and principles of biblical interpretation
      vi. Old and New Testament Surveys

**E. Enrollment and Facilities Growth**

1. **Goal:** Hold enrollment growth relatively flat for the next 2-3 years, until the next building addition is ready, to ensure proper focus on implementing accreditation goals, curriculum goals, staffing goals and other Strategic Plan
goals. This will enable the school to set a solid foundation for stable future growth.

a. **Strategy:** Fill higher level grade gaps before growing the smaller grades.

b. **Strategy:** cut back number of classes offered as needed starting with Kindergarten.

2. **Goal:** In order to meet current space restraints in the cafeteria, library, offices and classrooms and provide for future growth school will develop detailed design plans in the coming year and build the next addition with a targeted completion within the next 3 years. (See next addition plans in the summary PowerPoint presentation.)

   a. **Strategy:** Develop plans and arrange financing for next stage of academic space additions at the north end of the property to be completed for the 2011-2012 school year. Developed to manage growth while the master plan is being finalized.

   b. **Strategy:** Director of Development to manage formal capital fundraising campaigns as needed to fund significant building additions.

   c. **Strategy:** Develop master building plan that includes utilization of all owned properties to maximize land use, improve aesthetics of the school and can be implemented as numbers and finances allow.

   d. **Strategy:** HCS will not add additional debt until cash flows have been sufficient for at least one school year to pay the incremental annual payments and financial models indicate that building payments can be met without significant additional enrollment.

**F. Enrollment Process**

1. **Goal:** Develop an enrollment philosophy and policy that will close enrollment to only allow devout Christian families to partner with the school to train their children.

2. **Goal:** Develop an enrollment selection process to ensure the school admits children that will have the most success and families that will contribute the most to achieving the Vision and Mission of the school.

   a. Include guidelines like the following clearly communicated to applicants:

   i. Acceptance for admission to HCS is subject to availability of class space. Priority for acceptance is given to siblings of current students

   ii. At least one parent must be a Evangelical Christian with a testimony of salvation, active participation in a church that follows Orthodox Christian teachings and fully able to support and contribute to partnering with the school to achieve the HCS Mission. The parents must declare in writing that they have accepted and continue to acknowledge Jesus Christ as their personal Lord and Savior.
iii. HCS’s mission is to work in conjunction with the home to mold students to be Christian Disciples. The atmosphere or conduct within a particular home may be counter or in opposition to the Biblical lifestyle the school teaches. This includes, but is not limited to, sexual immorality, sexual orientation, practices that clearly violate biblical principles or inability to support the moral principles of the school. In such cases, the school reserves the right to refuse admission to an applicant.

iv. All families must be in active fellowship with a Bible-believing church on a weekly basis.

v. The parents must state in writing that they agree with the school's Statement of Faith, and both parents must agree to have their children educated in agreement with it.

vi. Parents will be interviewed by the school Administrator.

vii. Selection Committee to be developed to make final determinations on admissions based on test scores, number of children, Administrator interview, testimony and letter from the pastor.

3. **Goal:** Move up open enrollment process to allow for testing and selection to occur in time to back fill with waiting students for students that fall out.

   a. Open enrollment applications to begin in January to allow time for review.

   b. First tuition payment to be due June 5th and paid by June 11th or space given up.

   c. “Open Enrollment” begins in January - testing, vaccination paperwork, letter from pastor, interviews etc. should be completed in January and February. Each applicant receives a score to be used internally for enrollment. Re-enrollment for current students begins February 1 and concludes on Feb 28.

   d. “Open Enrollment” does not close until the Administration is satisfied with enrollment levels.

   e. Formulate a selection committee and an enrollment criterion. A selection committee reviews “Open Enrollment” applicants in March.

   f. Allows the Administration to make intentional decisions on enrollment and admissions, instead of reacting.

4. **Goal:** Develop methods to assist new families in becoming quickly assimilated and plugged into the community at the school. This is to ensure that they are fully aware of processes/policies at the school and know how they can volunteer and help the school achieve its Mission.

   a. Add a separate NEW PARENTS RECEPTION and orientation to welcome new parents and allow them to ask all the questions they have.
G. Measurements of Success
1. **Goal:** Establish procedures and reporting processes to ensure the school leadership can monitor the performance of the school on the major measures of success of the school.
   a. Add an annual review of test scores with analysis to be reported to the BOD.
   b. Administrator to report each summer the number of graduates going to college, which colleges and where non-college bound students are heading. This is to include comparison to prior year results.
   c. PEERS student survey results will be reported to the BOD and performance tracked and measured over time. This is to determine how well the school is training the students in a Christian worldview.
   d. Begin program to maintain contact with alumni, encourage ongoing involvement with the school and report to the BOD the success of these efforts. This will include annual alumni newsletter, an association and fundraising solicitation.

H. School Management
1. **Goal:** Focus all school staff efforts and activities towards achieving the Mission and Goals of the school and ensure that performance against those goals is maximized.
   a. **Performance Evaluations and Goal Setting Strategy:**
      i. Administrator to be given a formal annual performance review by the BOD on previously given, clear expectations to ensure he has clear guidelines and is motivated to implement and support all BOD goals and objectives.
      ii. BOD will develop an Administrator evaluation tool/template and a staff evaluation tool/template to be utilized by the Administrator to ensure goal setting and evaluations of school staff.
      iii. BOD calendar to include setting goals at the beginning of the year and formal evaluation of Administrator during the summer months.
      iv. Administrator to ensure all non-teaching, salaried staff are given written goals for the year and performance appraised against those goals each year by their supervisor. Results of appraisals to be reported to the Administrator.
      v. Administrator will deliver a summary report of performance appraisals to the BOD in June of each year.
   b. **Employee Communication and Management Strategy:**
      i. To improve clear communication of goals/tasks and proper follow-up on progress up the organization, all non-teaching, salaried staff will complete Weekly Activity Reports and submit to their immediate supervisor for discussion. This will culminate into a monthly report to the Board of Directors.
2. **Goal:** Staffing positions, as outlined in the 5-year organizational chart, to be filled as needed and finances enable to be determined in annual budgeting processes.

**I. Tuition**

1. **Goal:** Enhance and add revenue streams to support the goals and Mission of the school while maintaining tuition levels that are affordable and at the low end of the private Christian school market.
   a. **Strategy:** Implement step tuition (10% a year (excluding K4) until we get close to low end of market levels ($4,000 for elementary and $5,000 for Middle School and High School) increases that allows the school to:
      i. Improve quality of educators - raise teacher salaries to at least the lower end of the market
      ii. Counter balance over capacity demands
      iii. Implement improved curriculum goals
      iv. Fund facilities plans

**J. Administration Staffing Goals**

1. **Goal:** Develop written Administrator succession plan. If current Administrator tenure is expected to be less then 3 years, outline transition steps.
2. **Goal:** Develop long-term staffing plan to support the goals and objectives of the Strategic Plan. See long-term organizational chart for full long-term staffing goals. We will add heads in the chart as finances allow and appropriate infrastructure is obtained.

**K. Teacher Staffing and Qualification Goals**

1. **Goal:** Develop more attractive teacher compensation packages to attract and retain the best Christian teachers
   a. Raise teacher pay to market levels through fundraising improvements and the planned tuition increases over the next 3-4 years
2. **Goal:** As teachers are the primary means by which the school interacts with students and trains them in knowledge and Truth we will strive to ensure that all teachers have a profoundly Christian worldview.
   a. In order to ensure this goal, new teachers should be surveyed with PEERS or equivalent worldview evaluation upon hiring
   b. Current teachers will be trained with a Christian Worldview training session
3. **Goal:** Existing teachers will be PEERS surveyed this next Fall 2009

**L. Financial Aid Goals**

1. **Goal:** Develop a needs based tuition assistance fund that will enable more financially blessed parents and other outside donors to assist families in need with tuition.
a. Funds to be granted based on an application process that includes review of all the requests by the BOD in the summer months, financial need screening through the FACTS organization and as funding allows. A portion of the school budget may also be allocated to this fund as the BOD decides through the budget process.
b. Advertising to include outline of the program and process for applying on the school web site.
VII. 5 Year Organizational Chart
